

Radio King Orchestra

P.O. Box 2053, Montgomery Village, MD 20886-2053
Tel/Fax: (301) 330-8622 www.RKOswing.com

13 Piece Stage Plot+ Extra Vocals Minimum stage size: 16' - 18' deep x 30' wide

Optimal 3-tiered staging for band:

Dividing the backline into 3 separate and equal sections, the outer two sections to be elevated 6" - 8" above the front line staging. Middle backline section elevated 18" - 24" above the front line staging. Depth of backline and front line must be a minimum of 6' each. In front of front line, a 4' - 6' in-depth area with stairs on each side must remain clear for dancing and acting with the exception of monitor placements.

Radio King Orchestra to provide:

- One (1) Sennheiser in-ear monitor and Two (2) Audio Technica in-ear monitors
- Four (4) Sabine Wireless Microphones
- One (1) Bass amp and One (1) Piano amp with direct outputs
- Thirteen (13) Music stands and lights
